

Modern Mix: 16 Sewing Projects That Combine Designer Prints

Copyrighted Material

Construction

All seams are $\frac{1}{2}$ " unless otherwise noted.

Make the circle appliqués

CUT OUT THE CIRCLES

You will need approximately 60 circles. Obviously the final number will depend on the size of your circles and even the size of your quilt.

1. Use the circular objects as templates and trace several circles of different sizes onto the wrong side of each bright print fabric with a permanent marker. Make sure to leave approximately $\frac{1}{4}$ " to 1" between any 2 circles. Fussy cut the circles, if desired, by placing the circles based on the design of the fabric. In many instances I chose to center a flower or motif in my circle.
2. Cut out the circles loosely, leaving about $\frac{1}{2}$ " outside the traced line. There is no need to do this perfectly; they will be trimmed later.

Tip

Make more of the smaller circles than of the larger ones; the smaller ones are easier to place.
